MESSAGES FROM THE LONGEST SERVING STAFF MEMBERS OF DARSHAN ACADEMY DASUYA

I consider myself extremely fortunate to be employed at Darshan Academy, as it is our spiritual Master's vision to offer holistic education to the next generation and I am very proud to contribute my bit to it.

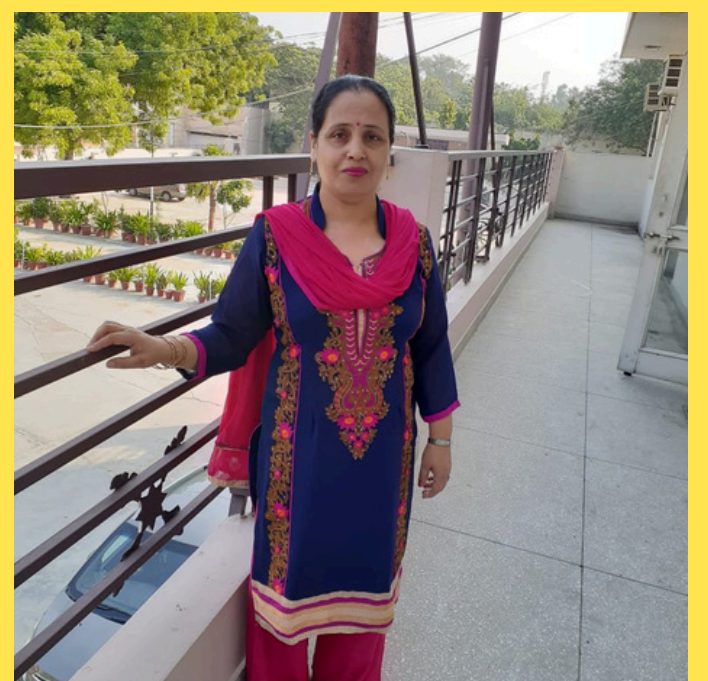

Mr. BALWINDER SINGH
ACCOUNTANT
2001 - TILL NOW

I joined Darshan Academy as a primary teacher in April 2011 and am now working as the primary coordinator. It has been a beautiful learning journey for me, both as a teacher and as an individual. Darshan Academy always provides a positive working environment for all its employees, including professional development workshops for the growth of both teaching and non-teaching staff. The best thing I like here is the buddy system for new teachers, which helps them understand and adapt to the system smoothly. We all work as a family for the holistic development of our students, aiming to create future generations of peacemakers.

Ms. MANDEEP KAUR
PRT MATHEMATICS
2011- TILL NOW

I joined in 2012 as a mother teacher in kindergarten. Before joining DA, I had no experience and wasn't aware of holistic development and the spiritual curriculum, but now I have learned about them as well as meditation. My overall experience with my colleagues has been amazing. Another thing I want to share is about my head. I feel that I am very lucky to have such great minds with a cooperative and understanding nature. I want to end this by saying that if I look at myself now, I find myself more confident, improved, and motivated.

Ms. SHARDA RATTAN
MOTHER TEACHER
2012 - TILL NOW

Annual Social Science Exhibition 2023

We had planned to showcase some exemplary projects prepared by the students across various themes and subjects like social science and environmental science. It was aligned with the United Nations' Sustainable Development Goals, with an overarching theme of "Peaceful Hearts, Peaceful Planet," during the Annual Project Week of 2023–24.

17 titles on the topics of Sustainable Development Goals were allotted class-wise. Project weeks bring students into contact with "real-life projects" as much as possible, either of a research nature or a practical nature. Students showcased their projects, and Principal Sir was personally present there to give them positive feedback and motivate them. There was a great deal of enthusiasm shown by the students, as the parents who visited appreciated the hands-on approach and the learning aspect of the students. When art gets integrated into the curriculum for subjects like social science, it results in increased understanding and retention and aids in the development of creative problem-solving skills'.

Shivalik Hills Sahodya Annual

athletic meet

Sports help all the agile students show their other talent over their intellectual skills. These also help to create sportsman-like qualities that help them face life's challenges as they grow up. Skills like jumping, running, throwing, etc. come naturally to humans, and when these are organized in a modified form, they are termed athletics. Sports and athletics contribute greatly to the development of character traits such as courage, determination, a sense of achievement, and team spirit. Our school has taken great care to ensure that all sports requirements are met and that our children benefit from them. To comply with the same, Darshanties participated in the annual athletic meet organized by Shivalik Hills Sahodya, Hoshiarpur. Many students came out with flying colors and made the school proud. Our school was awarded a runner-up trophy.

Lohri Projects

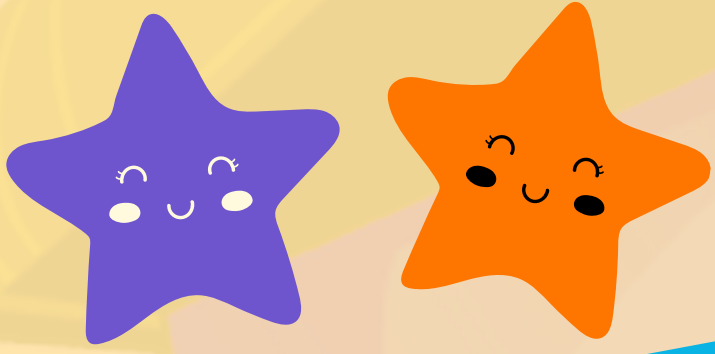

In a delightful celebration of Lohri, kindergarten students at our school showcased their creativity through vibrant and festive projects. From handcrafted bonfires symbolizing the traditional Lohri flames to Punjabi drums, these young talents brought the spirit of the harvest festival to life. Students were assigned to prepare projects on the theme of Lohri, which they did very nicely. It not only fostered creativity but also instilled a sense of cultural pride in the budding minds, making it a memorable celebration for everyone involved. To start the celebration at the senior wing, the principal, sir, head mistresses, ma'am, and all the coordinators lit the holy bonfire. A group of teachers performed Tappe and Giddha. The feeling of daze was brought on by the melodious vocals of "Sunder Munderiye," etc. A staff member from Himachal gave a spectacular performance of Nati, the famous pahadi dance. At last, a group performed Bhangra and left the audience spell-bound. The celebration ended with everyone dancing to the melodious tunes of Punjabi folk songs.

Book Review

Detox The Mind!

We organized an internal book review workshop on the book 'Detox the Mind' by Sant Rajinder Singh ji Maharaj. Ms. Anugreh was the external observer who analyzed the presentations given by the teachers. Principal Sir and Headmistress Mam were also present throughout. This book is replete with plenty of simple tips on how to free oneself from stress, anxiety, fear, and depression. The secret lies in meditation—on inner light and sound—and through it, we learn to replace stress with relaxation and happiness. Spiritual trainers divided the pages of the book among teachers, and they read the given pages thoroughly and presented what they had read in their own way, taking help from various stories mentioned in the book. The overall focus was to comprehend what the book mainly talks about, i.e., in this day and age, we talk about detoxification or getting rid of impurities for ensuring better physical health. Yet, even after physical detoxification, we may still suffer from mental stress, anxiety, fear, depression, hopelessness, and unhappiness. In her feedback, Ms. Anugreh mentioned that all teachers should go through the whole book, complete the exercises given at the back of the book, and also implement the lessons learned in their lives. The principal, sir, made a special note that unless and until we apply what we learn, it will not benefit us completely. One should keep learning and keep implementing all positive thoughts and actions in life. With the number of activities performed and discussions involved, the outcome was to find ways to keep our mind and body free of toxins and stay healthy, both physically and mentally.

HAPPY
गणतंत्र दिवस

On the auspicious eve of January 26th, we celebrated 75th Republic Day on the school campus. The students took pride in glorifying and celebrating the spirit of unity. The celebration started with the unfurling the tricolor by Principal Sir while campus echoed the tune of the National Anthem. The contingent of boys performed a march past and paid respect to our national flag. Later, the students presented a cultural program. At last, Principal Sir addressed the students and urged them to do their best and feel proud to be Indians.

HAPPY BASANT PANCHAMI

We celebrated Basant Panchami, dedicated to Goddess Saraswati, as it marks the arrival of the spring season in India. Saraswati is the goddess of knowledge, music, learning, and the arts. It is believed that without her blessings, the world would be shrouded in ignorance, as she represents enlightenment. A special assembly on the occasion of Basant Panchami was conducted by Empathy House in the Senior Wing, wherein students gave their presentations on the special day and also recited poems based on them. There was also a special assembly organized for kindergarten students at the Junior Wing. The little toddlers brought kites to show their happiness about this festival. The students and teachers from both wings were dressed in yellow-colored attire. The children were educated regarding the significance of celebrating the festival. As the assessments were around the corner, it was conveyed to the students that they must define their goals, prioritize their studies, and plan their revisions so that they can attain success. Students also formed a human chain, wishing and sharing the greetings of the glorious day.

Graduation

DAY- 2023-24

The air was filled with excitement and pride as families, teachers, and students gathered to celebrate the culmination of another successful academic year at our school on graduation day. The occasion became more special with the participation of our youngest learners from nursery and LKG classes. It was heartwarming to see the little ones dressed in their tiny graduation caps and gowns, eagerly awaiting their turn to walk across the stage. The parade of our little Darshanites amused the crowd, and we were all filled with pride. The audience was treated to a series of delightful performances by students from kindergarten, showcasing their talents in dance and speech. Nursery students came up on stage with a very beautiful message on saving the environment, and LKG students enacted a beautiful play on the importance of numbers where they explained the value of zero and spread the message that everyone has their own value. These performances added a vibrant and celebratory tone to the overall atmosphere of the event, leaving everyone thoroughly entertained.

The experiences shared by our little graduates on stage with great confidence left the parents awestruck. Our little graduates took the oath to embrace the challenges of the future with confidence and determination. Inspirational speeches from our chief guests, Mr. Jaswant Singh Pabla (XEN of the electricity board, Dasuya) and Mr. Ashish Sharma (XEN of the electricity board, Bhogpur), emphasized the importance of lifelong learning, resilience, and compassion in achieving success. And they appreciated Darshan Academy for the way we had prepared our students from the beginning. As a symbol of their transition to the next phase of their educational journey, the scroll-receiving ceremony was made an integral part of Degree Mahotsav. The function was concluded with live testimonials from the parents.

TESTIMONIAL

Hi ! I am Mandeep Kaur I am a mother of Sukhdeep Singh Bassan who studies in 5th standard at Darshan Academy School Dasuya.

DA family plays an essential role in shaping the future of students. This school helps my children in many ways like mentally and physically. All the teachers and respected principal sir of Darshan Academy are very helpful and kind by nature. There is a very strong relationship between students and teachers. They all treat everyone like their family members. They polished my Childrens' skills and I am very proud that I have sent my children to the school.

Thank u so much to all 🙏😊😊

TESTIMONIAL

I am delighted to express my sincere appreciation for the outstanding quality of education provided by my son's school Darshan academy, Dasuya. From its dedicated teaching staff to its nurturing environment, the school has consistently demonstrated a commitment to foster academic excellence, personal growth, and character development among its students. The curriculum is engaging and innovative, designed to meet the diverse needs and interests of students while instilling a lifelong love of learning. The school's emphasis on holistic education, coupled with its extensive extracurricular activities and enrichment programs, ensures that students receive a well-rounded education that prepares them for success in both academic and personal endeavors. As a parent, I am grateful to the supportive community of educators, administrators, and fellow parents who work tirelessly to create a positive and enriching educational experience for all students. Darshan academy truly exemplifies excellence in education and I am confident that it will continue to inspire and empower young minds for years to come.
